

# *Driveways and Parking in the Front and Side Yards*

## **Important Information**

- The Watsonville Municipal Code prohibits the paving of more than 60% of a required exterior side (corner) yard, or front yard, inclusive of driveways.
- In addition, parking is prohibited on non-paved surfaces such as grass or gravel.
- Parking is only permitted on approved parking spaces - those directly in front of garages and/or accessible from approved driveways.
- Driveway curb cuts may not be wider than ten (10') feet for a one-car garage, or eighteen (18') feet for a two-car garage.

*Violation of the Watsonville  
Municipal Code may result  
in citation, liens, and may  
require the removal of any  
excess paving surfaces.*
